

Attention All Scouts

Gather around and join our exciting, interactive, and hands-on journey through the amazing world of reptiles and mammals.

We will introduce the group to approximately 10 – 12 animals from around the world. Look at, learn and touch reptiles (snakes, lizards and turtles); insects (giant millipedes and hissing cockroaches); and mammals (chinchillas and hedgehogs).

Presentations are approximately one hour in length or can be arranged open house style for a longer period of time.

We also perform animal bite safety presentations. For more information on our bite safety and/or reptile shows visit us on-line at www.dakotawildanimals.com or phone us at 952-431-2657.
