## **Keep the Fire Burning**

**Don't miss this important LDS focused training to jumpstart the Varsity Scouting program in your ward.**

**Welcome to Varsity Scouting,** a program of the BSA for young men ages 14 and older. Packed with opportunities for adventure, leadership, personal growth, and service, Varsity Scouting holds special appeal for older Scouts.

Varsity Scouting is flexible and well-suited for boys who have outgrown the traditional Boy Scout program and

are ready to move on to a more challenging high-adventure program and the use of sports, with the emphasis changing every season.

Varsity Scouting is a meaningful way to extend the best of scouting ideals for young men who have prior experience as Boy Scouts along with youth who are new to the BSA.
