The *God and Life* program helps students seek to understand their call to a life of discipleship. The God and Life curriculum will focus on the life of the Apostle Paul as recorded in Acts 9:1-31. This is a brief account that describes how Paul encountered Christ and was changed forever. Five chronological "events" out of this story will be highlighted and used as the focus for the five different sections in this program. Each section will illustrate a key element in learning how to live one's life for Christ.

There will be pre-retreat assignments that must be completed. Once registered, you will receive confirmation, pre-retreat assignments, and what to bring with you.
