

# Help get a disc golf course at Rum River Scout Camp

My name is Rozalinda Sitler. My husband and I have been active scouters for over 10 years. When my husband passed away unexpectedly in February our family decided to try and put up a disc golf course at Rum River Scout Camp in his memory. Something that would benefit both scouts and those who work with them for years to come.

In my search Mike Snelson, tournament director of the 2014 Professional Disc Golf Association Amateur World Championships proposed a way to reach this goal by gathering volunteers to help with the tournament being held at various parks throughout the community from July 22-25, 2014.

If we can come up with enough volunteers to cover the 360 4-hour shifts at the 5 courses, the tournament, through corporate sponsorship and personal dedication, will provide:

- An 18-hole design geared specifically for boy scouts, at the Rum River Boy Scout Camp in Ramsey (\$2000 value)
- 18 Discraft Chainstar 24-chain targets, (each valued at \$353 + freight, or \$7200)
- Personalized attention to assist in proper installation of targets and tee pads
- The tournament will provide lunch if the volunteer is a double-round, all-day assistant
- Water, munchies and tournament tee shirt for the volunteers

The scouting community will provide:

- Boy Scouts (14 and older, younger if a parent stays with the scout) or other volunteers, 10 per course, per round (two rounds per day), to assist with spotting shots during the event, water checks, tee sign placement, or other duties as apparent or assigned
- Transportation for personnel to and from courses

Please consider volunteering some time to this event. It is a wonderful opportunity for the community to pull together and leave a legacy for all future scouts.

Please contact me about volunteering at [rgsitler@gmail.com](mailto:rgsitler@gmail.com)

Give me the information that is on the second page of this message and tell me what course and which shifts you would be able to work. Thanks-Rozalinda
