Morning Session 09:00-03:00 PM</p> |  | <p>Automotive Maintenance
Modern automobiles are important to many aspects of American life. Those who service automobiles must understand each principle, and how these principles interact to provide smooth, efficient performance. Owners of cars also benefit by understanding how their vehicles operate. This enables them to understand why certain periodic maintenance is required to keep their vehicles in tip-top shape.
Minimum number of participants: 2
Maximum number of participants: 15
Prerequisites: Bring the workbook to class. Review the contents of the operator's manual for a family vehicle: Read at the maintenance section of the manual noting maintenance intervals, fluids recommendations, fuse sizes and fuse box locations, proper way to hook up jumper cables.

Find out about three career opportunities in the automotive industry: Pick one and find out about the required education and training. Be prepared to discuss this at the merit badge class.
NOTE: Off-site course location: Additional permission-slip required.</p> |
